## SUMMARY

---

Frontend Developer skilled in HTML, CSS, JavaScript, with a passion for creating responsive and user-centric web interfaces. Strong in UI implementation, problem-solving, and modern web development practices.

## TECHNICAL SKILLS

---

**Frontend Development:** HTML5, CSS3, JavaScript, DOM Manipulation

**Programming Languages:** Java, Python, C++

**Libraries & Tools:** VS Code, Git, GitHub

## PROJECTS

---

**Travel-Destination** - Developed a travel destination project showcasing popular tourist locations with details on attractions, culture, and travel tips. The project improves user awareness and trip planning.

**Tic-Tac-Toe** — Developed an interactive browser-based game using HTML, CSS, and JavaScript with real-time state updates and user input handling.

**Rock Paper Scissors**-Developed a Stone Paper Scissors game that allows users to play against the computer using basic game logic. The project demonstrates conditional statements and user interaction.

## EXPERIENCE

---

Practical experience in developing small applications and games.

Worked with basic programming logic, conditional statements, and loops.
